

Halifax Area School District
Elementary School Academics Questionnaire

September 2016

Halifax Elementary School

General Academics

What is the current enrollment of students per grade in the school?

What projected enrollment should we be planning for the future? (What is your ideal maximum capacity?)

Please provide a curriculum list for each grade. What subjects are being taught in each classroom (use floor plans)?

What core academic classes would you like to include but do not currently have space to accommodate?

What is the current maximum number of students planned for each classroom? Is there a desire to amend that?

Halifax Elementary School

Science and Technology

Are spaces dedicated to science currently available in your school building?

Are there areas in STEM education that you would like to add to your curriculum?

What deficiencies, if any, exist with your science classrooms?

How is computer technology currently taught in the school?

Are computer labs provided other than the space in the current library?

Is there a plan for students to each have a computer device in the future?

Halifax Area School District
Elementary School Academics Questionnaire

September 2016

Halifax Elementary School

Please list any existing concerns regarding your science and technology programs.

Music and Arts

What types (instrumental, choral, keyboard instruction) of music education are currently provided in the school?

How many spaces should be planned for music education in the future?

What types (general art, ceramics, digital) of art classes are desired?

Please list any existing concerns regarding your art and music programs.

Athletics

What types of athletic spaces should be provided within the school?

Halifax Area School District
Elementary School Academics Questionnaire

September 2016

Halifax Elementary School

Other than your current multipurpose space, what other spaces for physical education are provided in the building?

Are there any additional spaces desired for the future?

What is the seating capacity desired within a future gymnasium?

Would you use a gymnasium for music events as well? Any concerns?

Administration and Guidance

How many administrative offices are currently provided in the school? Are additional offices needed?

Is a conference room provided?

Halifax Area School District
Elementary School Academics Questionnaire

September 2016

Halifax Elementary School

How many guidance offices should be provided?

Is there a health suite in the school? If so, does it meet your needs?

Do any outside professionals (therapists) require space in the school?

Special Education

What special education programs are currently offered within this school building?

Are other off-site facilities used for specific special education needs?

Are there certain types of special education that your school does not include that you would like to introduce?

Halifax Area School District
Elementary School Academics Questionnaire

September 2016

Halifax Elementary School

Are the spaces provided adequate to serve the various special education needs? Any handicap accessibility (ADA) deficiencies?

Has a PA State Police “Risk and Vulnerability Assessment” been completed?

Please list any concerns regarding your special education program within this facility.

Other

How many lunch periods do you currently offer? How many students are planned for each lunch period?

Do you need a space to seat the entire student body at any one time? Is the current multipurpose space where assemblies are held?
